To Whom It May Concern:

I say "Enough is enough is enough!" I feel Microsoft has endured more than any company has endured for this Antitrust litigation. As I stated in an earlier EMAIL to your office, these Anti Trust laws were designed to protect consumers - NOT COMPETITORS! After all, look who has brought Microsoft's alleged misgivings to light. Competitors!

I do thank the DOJ for looking out for my best interests; however, I have yet to hear a consumer say anything derogatory about the products that Microsoft sells. Please give Microsoft a fair ruling....

Enough is enough is enough. Let Microsoft get back what it does best; serving the customer/consumer with new innovative exciting products that make the world a better place - not stepping aside so that second rate products can cheapen the American way of life.

Please rule in favor of Microsoft.

Sincerely, Rob Charles
